

What do I do today?

5x5

5 Phone Calls

5 Text Messages

5 Facebook Messages

5 Emails

5 Handwritten Notes

What would your business look like if you effectively reached out to 25 contacts every day? That would be 125 contacts every week and over 500 contacts every month! How about adding those contacts to your database every day and being consistent with your lead generation? Remember, success is simple, not easy! There is nothing stopping you from achieving your goals except your limiting beliefs. What is the one thing you can do right now to change the shape of your business?

If you do not have contacts call other agents, title reps, lenders, other vendors...build the habit and grow your partnerships and database!
